Campaign Types:

Canvas:

These are a full screen mini website built within Meta and allow us to display all the opportunities, roles, workstreams, etc to increase consideration (with an option to apply)

To filter this activity search "Canvas"

Stitcher / Dynamic:

When a role is opened on the ATS, an ad is automatically created on Meta, targeting relevant users. This campaign will only feature roles that are currently live on the ATS

To filter this activity search "StitcherAds"

Brand Content:

Promoted on-page creative that covers all business areas to keep front of mind, targeting relevant audiences

To filter this activity search "Brand Content"

Brand Awareness:

Social ads that are targeted to broad audiences to make users aware of who are and build brand salience

To filter this activity search "Brand Awareness"
