Digital Performance Report

Use the filters above to set the configuration of the report you would like to view.

If you leave all filters at they are all data will be provided.

Digital Performance Report

Welcome to your digital performance report. At McCann, we are specialists in creating reports that build confidence in our optimisations. Creating stories from data that give you clarity on your spends.

"Crafting Data Symphony: Precision in Insights, Experience in Visualisation, Emotion in Every Detail" serves not merely as a strapline, but as a guiding ethos that propels our work forward. Within these pages, you will witness the fusion of analytical rigor with creative ingenuity, culminating in a digital marketing narrative that captivates the senses and leaves an indelible mark on the hearts and minds of our audience.

As we navigate the complexities of today's digital landscape, we must remain steadfast in our pursuit of excellence. Our partnership with [redacted] underscores our shared vision—to craft experiences that transcend the ordinary and resonate profoundly with our audience.

About This Report

Account Listings

Above is the definitive list of accessible property accounts that we have data for: Google Analytics 4, Facebook Ads, Google Ads, and LinkedIn. Please note, for LinkedIn, only active Campaign is for the Arches, and you can't unfilter it.

Booking events is based on Total User numbers.
A filter is applied to each, a catch-all "booking event" which looks at the different variations of event names and categorised them into booking events.

Click to call shows only when an event named click_to_call is triggered.
Click to Email is triggered on the event name "click_to_email".
